Flood Relief Collection & Camp

No one knows when disaster strikes, none can stop it. All we can do is extend a helping to the ones in distress. On the 15th of August we faced the one of most worst natural calamities "the floods". Due to excess water as a result incessant rains and the opening of the stutters of the dams in like came to a stands till. Thousands were left homeless and starving, for days. Throughout Kerala relief camps and collection centres where open. We were prviliged to become a part of this huge venture by becoming a collection centre on the 17th and 18th of August and a camp from 18th to 22th August accommodating around 250 people from Karnataka who came to Kerala in search of a job and were trapped here due to the floods. In the collection camp we collected variety of emergency products and handed it over the authorities so they could make it available for the needy. When lives were adverdely affected it was that our duty to we were able to soothe their pain to some extent.

On the 1st of October we felicitated the former union of 2014-15 who selected as the best union. We travelled through some of their ventures through a small presentation done by our students – What a wonderful Journey! All the members were given a memento of appreciation and a token of love.

Sahapadiku Oru Veedu

The Union of 2017-2018 have done many activities in the campus, but definitely the most remarkable and generous act was the initiation taken by the members of the union in collaboration with the NSS and the support of the college principal, sisters and teachers to help a student of DC3 to build a home for their family. We refrained from celebrating as Christmas and Onam due to the natural calamities that had affected our homeland.

As a help to the other people, the college union 2017-2018 and the college management have decided to contribute money from teachers and students in this activity.

The College Union is greatly indebted to the Management, Principal, Teaching, Non-Teaching and support staff as well as the entire student community for the unstinted help, constant encouragement and helpful suggestions every step of the way. We acknowledge the fact the without you all we would have never been able to achieve what we did.
Thank you
