Following the Inaugural Session, Dr. Suresh Francis (Scientist, Keral State Remote Sensing and Environment Centre) led a Technical Session on the Topic: Applications of GIS and Remote Sensing in Natural Resources Management. He also explained about the various fields of applications and research work that is being taken up both in the governmental and private sectors. Apart from the theme, he also updated on the future scope as well.

The Second Technical Session was on the Topic: Applications of GIS and Remote Sensing in Disaster Management by Dr. Sajin Kumar (K S (Assistant Professor, Department of Geology, University of Kerala). He detailed on the various disasters faced by our State and mainly focused on Floods and Landslides and the modes of applications of GIS and RS in the various stages of management of these disasters viz. mitigation, preparedness and zoning

The Third Session was on the Topic: Applications of GIS and Remote Sensing in Water Resources Development and was led by Mr. Ajay Kumar, research Scholar, Department of Geology, University of Kerala. This session also proved to be of an enlightening one for the students.

Further to this, a Rapoporteurs session followed which was conducted by the students where they discussed and shared their thoughts individually on the deliberations that were part of the Day and concluded with a Session Round Up. There was a Valedictory session as well and all the session proved to be an enlightening one for the students as well as the teachers alike.
