6.4 Assessment of Merit

Except when otherwise provided, the merit of a candidate will be assessed on the basis of the marks obtained by him/her in the qualifying examinations for admission to the particular course, subject to such criteria as may be prescribed by the University.

6.4.1 Standardization of marks for admission to First Degree Programme under CBCS system – Guidelines issued (2010-2011 onwards).

A. Higher Secondary

1) In the case of Higher Secondary Examination from 2010 onwards, the index marks are to be calculated as follows.

   Total marks secured for Higher Secondary + Marks secured in the concerned subject.

   For e.g. If the student has secured 800 marks out of the total 1200 marks and if he has secured 150 out of 200 in mathematics, his index marks will be 800 + 150 = 950.

   In the case of admission to B.A English, double the percentage of marks obtained for English are added to the total mark. If the student in the above example has secured 120 marks out of 200 in English, his index mark will be 800 +120 = 920.

2) In the case of Higher Secondary Examination prior to 2010, normalize the total marks obtained out of 600 to 1200 and add twice the marks obtained in the subject concerned for calculation of index mark.

   In the case of admission to B.A English, double the percentage of marks obtained for English are added the same to the total marks, normalized to 1200.

B. Vocational Higher Secondary

In the case of Vocational Higher Secondary examination, exclude the marks for vocational subjects and foundation course and normalize the marks as follows:

1) In the case of VHSE (prior to 2010) the marks for English (out of 100) to be normalized to 200. Marks for Optional (3 subjects) (Total 3 x 100=300) to be normalized to 400.

   For e.g, if a VHSE student received the following marks,
   English = 41, Optional 1 =47, Optional 2 = 58, Optional 3 = 65 Total = 211.
   i. For English, (41/100) x200 = 82
   ii. For Optional, (170/300) x 400 = 226.66
   Total out of 600 = 82+226.66 = 308.66
   Total out of 1200 = 308.66 x 2 = 617.32

   In the case of admission to B.A English, double the percentage of marks in English and add to total ie., 617.32 + 82.00 = 699.32. Index Marks is 699.32.

2) In the case of VHSE students from 2010 onwards, English Total = 200, Optional 1 = 200, Optional 2 = 200, Optional 3 = 200. Therefore, Grand total = 800.

   Normalize as follows:
   i. Normalize English marks to 400
   Eg: If a student received 150 marks out of 200 then, 150/200 x 400 = 300

   ii. Normalize optional to 800
   Eg: If a student received a total of 500 marks out of 600 in the 3 optionals, then, 500/600 x 800 = 666.66 Therefore, total out of 1200 = 966.66

   In the case of admission to First Degree Programme in English, since the marks are awarded out of 200, add these marks to the normalized optional marks. Index marks = 966.66 +150 = 1116.66

   In the case of VHSE students for admission to **B.Voc courses**, their total marks in VHSE (Theory and Practical) will be taken for calculation of index mark. A weightage of 50 marks is also added to the index mark of VHSE candidates for admission to these courses.

C. Other Boards such as CBSE and ICSE

In the case of other Boards such as CBSE and ICSE, normalize the total marks to 1200 and then add **TWICE THE PERCENTAGE** of marks obtained in the subject concerned.

For Example: If a student has secured 400 out of the total of 500 marks in the CBSE stream and if he has say, secured 80 marks out of 100 in mathematics, his index marks will be 400/500 x 1200 plus 160 (i, e, 80 X 2) marks of mathematics. That is 960 + 160 =1120. In the case of admission to First Degree Programme in English, double the percentage of marks obtained for English and adds to the normalized total marks. If the student in example above secured 70 out of 100 marks in English, then his index mark will be 960 + 140 = 1100

6.4.2 For subjects which are not being offered at the qualifying Examination level, the marks of related subject or subjects, a knowledge of which is essential for the study of the subject proposed to be chosen for the First Degree Programme, shall be added to the total marks for the purpose of ranking.

6.5 Weightage / Deduction of Marks

These marks will be added to the marks obtained for the qualifying examination for preparing the rank list. The weightage of bonus marks shall be added to the marks scored by the candidate either to make him/her eligible for admission to a Programme or for ranking purposes to those who are otherwise eligible for admission. In the case of candidates who get the eligibility by this bonus marks, their ranking mark will be the sum of scored marks and the bonus marks.
