Durism is a type of travel that is mostly or entirely inspired by religious and intentions. Hinduism, Buddhism, Jainism, Islam, and Sufism are various religions practiced in India, each has its own main pilgrimage ed around the country. The importance of pilgrimage tourism in India is because the people of India are highly religious and cultural in nature. t af domestic tourism in India is heavily reliant on pilgrimage tourism. Due tial deliverables, such as employment, national integration, and foreign earnings, pilgrimage tourism has earned great popularity and attention in = of this article is to examine the concept of pilgrimage tourism, as well mic implications and future possibilities of pilgrimage tourism in India, the significant obstacles that it faces.

Pagrimage tourism, Indian domestic tourism

🚌 🗈 a journey or search of moral or spiritual significance. Many religions al importance to particular places. For pilgrims, the holy land serves as a dia is a land of pilgrimage. India is one of the world's oldest civilizations, been in contact with almost all the major religions of the world. For the comestic tourists in India, pilgrimage has always been the main motiby the Delhi-based National Council for Applied Economic Research was that of the 230 million tourist trips undertaken in India, the largest made up of religious pilgrimages. In our country, all major temples,

shrines, and sacred spots are found scattered all along major riverbanks hills. The confluence of holy rivers, called "Sangam," attracts millions of tour year when pilgrims assemble there to take holy dips in these rivers. For example, the day of "Sankranti", a bath in holy Ganga water is believed to relieve a personant their sins. Launched in 2014-15 by the Union Ministry of Tourism, PRASAD the integrated development of pilgrimage destinations in a planned, priorical sustainable manner to provide a complete religious tourism experience. The age sector has immense potential for development due to the availability of tourism sites all over the country.

Definition

Pilgrimage tourism is a type of travel that is largely or wholly inspired by sentiments and aspirations. Hinduism, Buddhism, Jainism, Islam, and Sinsamong the various religions and sects practiced in India, each with its carpailigrimage centers located all around the nation. Pilgrimage tourism has evolve strategy for making jobs, alleviating poverty, and promoting long-term human opment. Pilgrimage tourism enhances universal understanding and helps locations and cultural activities thrive. A pilgrimage is a journey undertaken by a pin pursuit of a new or enlarged understanding about oneself, others, nature, or a location cause through experience, often in an unknown or foreign location.

Market Over view of Pilgrimage tourism

Pilgrimage tourism, often known as spiritual tourism, is a type of tourism where individuals travel alone and in groups to pilgrim destinations or for leisure. ages have been important economic drivers in India throughout ancient times 📹 ing not just people's spirits but also the pockets of the economy. When it comes a pilgrimage sector, there is a certain amount of low risk involved. The economic and downs in the marketplace have a lesser impact on pilgrimage travel. Faith 🖼 travelers tend to save for religious experiences and travel irrespective of the eccur because they are committed travelers.In many ways, the pilgrimage sector real and complement other types of event tourism. When the number of visitors pilgrimage site increases, it aids in the development and growth of a number of real and ancillary sectors, such as the souvenir and hotel industries. This promotes development of the local area as well as the expansion of local markets and econa growth. The introduction of the e-visa for international tourists upon arrival in country has also had a significant impact on the increase in tourist numbers. pilgrim sector operates under the same policy framework as India's general town industry.

actions provide a signal to reversing climate change when global estimated as one of the most flourishing natural economic sectors. Christian purism is a major industry in Western and European countries. There are marely 117 Marian shrines in Canada, 181 Roman Catholic shrines in the United and thousands of sites associated with various Protestant denominations and merican ancient religions. The bulk of these locations has become importage destinations around the world. It occurs as a result of such countries' eggroach to the pilgrim sector. There are hundreds of pilgrim locations in escated with Hindu, Buddhist, Jain, Sikh, and Muslim religions that have the the country. Hundreds of pilgrim centers have sprouted up across the 📰 😅 🗈 result of the country's ancient history and mythological heritage. Many ender an be traced back to legendary sources. Pilgrim tourism serves the most goal of bringing people from different regions together, as pilgrims from east travel to the southern corner and pilgrims from the west travel to enjoying one another's hospitality. Badrinath, Kedarnath, Mount Kailash, 🚃 Devi, Rishikesh, Haridwar, Amritsar, Sabarimal, Rameswaram, Madurai, and === the south, Puri Jagganath temple in the east, Shirdi Sai Baba temples, the enticent churches of Goa in the western part, Ujjain, Omkareswar, Sanchi, and entral India, and a host of other famous pilgrim spots keep more than 15 per indian population moving.

ndividuals leave their homes to go on pilgrimage, it sparks a flurry of economical right on their doorsteps. Trip agencies, hotel chains, restaurants, religious handicrafts, floriculture, the health sector, and businesses offering travel kits, their things, become active. During peak season, the Tirupathi Devasthanam ala requires more than 20 tons of flowers every day. Every day, Bangalore flowers worth Rs 30 lakh to Tirumala. Faith is the most powerful stimulant memic activity that can generate revenue on a long-term basis without putting and the environment.

acarashtra government recently decided to spend a large amount of money 261 kilometers of roads. This is unneeded, as it risks destroying the route's abitat. Without the snowcapped mountains, forests, streams, and valleys, the yatra would not interest lakhs of tourists. A well-considered pilgrim policy assist millions of Indians in escaping poverty. People should be made

more aware of the pilgrim sector in order to build a cleaner and greener environe at pilgrim destinations. The first step toward creating a robust pilgrim sector me is to document the myths, mysteries, history, and folklore of pilgrim sites.

Economic impact on Pilgrimage Tourism

Pilgrimage Tourism is an economic activity that is imposed, or at least grant pre-existing set of economic activities and traditional ways of life (Price & 🖼 1996: 1). Pilgrimage Tourism is a product of three main elements; destination and the tourists. Pilgrimage Tourism is a process which obviously affects aspects of society and culture. Primarily its impact is of economic nature. (2009) states that the contribution of pilgrimage tourism in gross foreign excita 15 to 17 percent and the influence of tourism is also centered in some specific only not throughout the whole nation but it does not mean to underest pilgrimage tourism because we know a very little about the multiplier effects pilgrimage tourism; we must take account of the foods, vegetables and fruits the tourists take as well as the employment plus the crafts that the tourists pure According to Godfrey and Clarke (2000), socio-cultural change relates to local a of life and sense of place. Positive change in the quality of life could be as in personal income increases, helps to improve living standards for those more in involved in industry, supports the diversity of restaurants and other cultural tainment, influence the assortment of goods for sale in many local shops that not be available in the same amount if pilgrimage tourism did not exist to a them, park areas are often improved, street furniture and design criteria in red greater care and attention placed on overall environmental quality, new opportun etc. And in contrary negative changes in the quality of life could be as follows I shops overcharging, petty theft from cars and accommodation, more serious per assault, Regarding the sense of place, posit.

Major Challenges of Pilgrimage tourism

Unexplored and un identified spots: There are many sites and places which are to local people. Those who are living in nearby places visit these areas and ix a is almost like undiscovered spot.

Lack of transportation and communication: Transportation and communication convenience is improper in remote areas. Regular transportation is not easy all-the-day around. Same is the condition of communication. In this era of internet connectivity there are many places where no internet service is there internet speed is very slow.

tourism is now widely acknowledged as a source of economic diversification. It would be unrealistic to expect, however, that the industry will stimulate the economy in the absence of constructive measures geared the dynamics it faces. The research has revealed number of issues be addressed for pilgrimage tourism to continue to grow. The information in this study demonstrates that pilgrimage tourism has the potential to the fact that development has so far been limited to a few main sites, reveals that it should be possible to expand pilgrimage tourism to more region. In India, pilgrimage tourism has a tremendous negative impact accountry's economic growth and revenue, but its negative influence on ment requires stakeholders to investigate and rectify. Due to its substantial such as employment, national integration, and foreign exchange revenues to union and the such as employment, national integration, and attention in India.
