

## CERTIFICATE OF COLLABORATION

This is to officially certify that the Department of Environmental Sciences at All Saints' College has established a collaborative partnership with COFBA Network, formalized through a Memorandum of Understanding (MoU) on April 3, 2023.

The primary focus of this collaboration revolves around conducting surveys related to solid waste management, implementing awareness programs targeting both the public and academic communities, and providing internship support to 12 students, including those pursuing MSc and Research programs within the Department of Environmental Sciences.

The designated coordinators for this collaboration are Dr. Reshma J.K. and Dr. Lissy Bennett from All Saints' College, overseeing the academic aspects. Additionally, Mr. Subeesh and Mr. Lal of Cofba Networks are serving as coordinators specifically for student-based activities and internship programs.

This collaboration aims to enhance the academic and practical experiences of students while contributing to the broader goals of environmental awareness and sustainable waste management.
