AN AWARENESS CLASS ON POLYCYSTIC OVARIAN DISEASE

1. An Awareness class on Polycystic Ovarian Disease and a free medical camp

An awareness class on Polycystic Ovarian Disease and a free medical camp in association with International forum for promoting Homeopathy on **16th June 2022**. The programme was inaugurated by our chief guest Mrs. Serephene Fredy(Corp. Councilor). The post inauguration awareness classes were given by **Dr. Mini Unnikrishnan (Pattolil Homeo clinic Alappuzha) and Dr. Bhagyalekshmi** (Homeo clinic Vazhuthacaud) about PCOD awareness and the life style methods. An interactive session was held by Dr. Jose Issac (Dr. Issac's Homeopathy Center, Trivandrum) and the felicitation was given by Dr. Hubert D'Silva (JHS Homeopathic Hospital) and Dr. Bhadran (Bharath Homeo Clinic, Neyyattinkara). Vote of thanks delivered by Dr. Deepthi Fernandaz (Homeo Consultant, Shangumugham) and thereafter a free medical camp was conducted for students and teachers.

		Magnetosphere"
2	Name of the Coordinator/s	Dr. Veena Suresh Babu, Assistant Professor,
		Department of Physics
3	Organizing Department/Cell	Post Graduate Department of Physics
4	Date & Duration	30/08/2022, 2 hours
5	Number of participants	22
6	Resource Person/s	Dr. Ankush Bhaskar, Scientist-SD, Space Physics
		Laboratory, Vikram Sarabhai Space Centre, Indian
		Space Research Organization

7 Objective of the Program

- To provide participants with a basic understanding of space physics and astronomy.
- To introduce participants to the Earth's magnetosphere and its dynamics.
- To discuss the importance of the magnetosphere in protecting the Earth from harmful radiation.

Detailed description of the event

The first section of the Lecture series on SPACE PHYSICS AND ASTRONOMY organized by the Postgraduate department of Physics, All Saints' college, Trivandrum on the Topic "The Earth's Dynamic Magnetosphere" was conducted on 30 th August 2022 at the college Seminar hall.

The program started at 10:30 am with the prayer song. The Head of the Department Dr.Anjana P S presided over the meeting. Dr.Veena Suresh Babu, Assistant Professor, Department of Physics coordinated the program and Miss Aparna was the master of ceremony. Miss Abhirami welcomed our chief guest Dr.Ankush Bhaskar, Scientist-SD, Space Physics Laboratory, Vikram Sarabhai Space Centre, Indian Space Research Organization, for taking the lecture. The session started with the explanation of discoveries in the field of Astronomy such as Solarwind, Sunspot etc and in progress he explained the structure of the Earth's Magnetosphere and how the Solarwinds and Coronal Mass Ejection affect the Magnetosphere of the Earth.

All Saints' College

After the lecture series, there was a Q&A section in which he clearly answered all the queries put forward by the students. He concluded the session by mentioning the new opportunities in the field of Space Physics and Astronomy and how we can pursue it. The session was so informative and interesting. All the faculty members of the department attended the lecture. The PG students of the department were benefitted by the lecture.

Outcome of the event/Evaluation by Program Coordinator

- Clear idea about the structure of Earth's Magnetosphere.
- Extensive knowledge about the formation of Solarwind and Sunspot.
- Learned about how the Solarwinds affect the structure of Earth's Magnetosphere.
- Basic idea about Coronal Mass Ejection.
- Awareness of extended opportunities in the field of geomagnetism.

Lecture Series On Space Physics And Astronomy-Lecture 2: "Celestial coordinates and Dusty plasma" Post Graduate Department of Physics

IQAC

12/09/2022, 2 hours

40

Prof. Indulekha Kavila, Former faculty from Dept of Physics, MG university

- Objective of the Program
 - To increase the awareness of students about space physics and astronomy. .
 - To increase the interest of students in space physics and astronomy. .
 - To increase the knowledge of students about space physics and astronomy. •

Detailed description of the event 8

The second lecture series on Space Physics and Astronomy on the topic "Celestial Coordinates and Dusty Plasma" organised by the Postgraduate Department of Physics, All Saints' College was held online on 12 September 2022 via Google Meet. The lecture was given by Prof. Indulekha Kavila, Former faculty from Dept of physics, MG university. She is one of the most eminent Astrophysicist in India. Her area of interest is Galaxies and Stellar Clusters and Fundamental Relations in Astronomy. The online lecture was hosted by Dr. Anjana P S, Head of Department of Physics and started at 10.30 AM with a welcome statement by Miss.Abhirami. It was agreed to move forward the lecture as an interactive session rather than a regular lecture. So, the entire session continued as a question-andanswer session.

Several question regarding evolutionary sequence of galaxy formation, Dusty plasma etc were asked by the students. Prof. Indulekha gave clear explanation to all the queries. In between she discussed many concepts in physics in a very simple way connecting our daily life, which made us understand and grasp things easily. She concluded the session by emphasising the importance of the basic concept of physics that is needed for our studies.

All the faculty members, PG as well as UG students attended the lecture. Miss Aparna gave the vote of thanks.

9 Outcome of the event/Evaluation by Program Coordinator

- Students gained a better understanding of galaxies and stellar clusters. .
- Students were introduced to the latest research in space physics and astronomy. .
- Students were inspired to pursue careers in space physics and astronomy. Attached
